bears with benefits

Certificate of employment

Jubair Khandaker, born on 19.11.1994, worked in our company from 15.01.2026 to 15.07.2026 as an Automations Intern.

Beautybears GmbH (brand name: Bears With Benefits) is internationally known for its products in the field of dietary supplements and was founded in Munich in 2018.

During the internship, Jubair Khandaker consistently demonstrated outstanding commitment, exceptional analytical abilities, and a remarkable passion for automation and process innovation. From the very beginning, he quickly familiarized himself with complex business processes and systems and developed effective automation solutions that created measurable value across the organization.
Working closely with senior management (COO), he handled implementation projects with a strong sense of responsibility and reliability. He successfully translated strategic objectives into scalable automation solutions and consistently exceeded expectations through a proactive and solution-oriented approach.

A key area of responsibility was the design, implementation, and optimization of automated business processes using tools such as n8n and Power Automate. Jubair successfully integrated systems including Xentral, monday.com, Notion, Shopify, Slack and Microsoft Office applications, as well as various internal and external APIs. Through an excellent understanding of data flows, APIs, webhooks, and backend logic, he developed robust and well-documented workflows that significantly improved operational efficiency.
Selected projects include:

Finance and Controlling:

- Auto-update of cash on delivery (COD) orders in all relevant systems (shop, ERP) to ensure E2E transactional views and creating the baseline for dunning
- Daily auto-update of all sales data into the company's cashflow (Shopify, AMZ vendor, MS Excel applications)
- Auto-update of OPOS files (debitors and creditors) in cashflow planning

Customer Service / Operations:

- Automatic, rolling forecast of D2C orders as input for more detailed and up-to-date warehouse capacity planning to avoid backlogs and maintain customer satisfaction
- Full automation of Shopify refunds based on tags to track total refund volumes / values per country and refund reason as a baseline to monitor / optimize and increase margin
- Automatic order and invoice generation for Shopping Club customers (Westwing, Veepee)
- Streamlined purchase order automation: auto-insert of B2B POs from email directly into ERP system

Ecommerce / Shop Management:

- Integration of monday.com boards and auto-updates into Notion
- Cross system (Shopify, Slack, MS Office) change log automation

bears with benefits

Beyond implementation, Jubair proactively identified and addressed operational bottlenecks and introduced innovative solutions with a strong focus on business usability and problem solving. His structured way of working, exceptional attention to detail, and strong systems-thinking mindset enabled him to successfully manage multiple complex automation initiatives simultaneously.

Jubair collaborated very well with all colleagues in the organization. Thanks to his highly cooperative attitude, he quickly became a valued member of cross-functional teams. Stakeholders particularly appreciated his ability to understand business requirements and translate them into practical technical solutions.

His initiative, creativity, and determination enabled him to make valuable contributions throughout his internship. He approached new challenges with enthusiasm and consistently demonstrated a proactive attitude toward improving processes and delivering effective solutions.

The quality of Jubair's work was outstanding at all times. He completed every task with exceptional care, efficiency, and reliability, consistently delivering results of the highest standard. His performance exceeded our expectations in every respect.

In summary, Jubair Khandaker performed all assigned duties to our complete and utmost satisfaction. He distinguished himself through strong professional competence, commitment, and integrity.

We sincerely thank Jubair Khandaker for the excellent contributions made during the internship. It was a pleasure working with him, and we would welcome the opportunity to work together again in the future. We wish him continued success in both his academic and professional career.

Munich, 15.07.2026

Annika Himborn
Chief Operating Officer
